Dear Friends at the State Lab,

Thank you all for a fun, happy party and your generous gift. You all hold a special place in my heart. Thanks for all the stories shared, roads traveled, lessons learned and memories to cherish. It has been quite a ride and a nicer group of coworkers and colleagues will be hard to find. You will always be the 'gold standard'.

I'm off to follow my heart's dream and I thank you all for your encouragement and good wishes. I'll be in touch and keep you informed of my next big adventure as Nancy Tisei RN.

Fondly,  
NMT
